

- **Right to modify:** The Client may modify the Software or hire third-party developers to perform updates or customizations.
- **Confidentiality:** Any third-party developer granted access to the code must maintain the confidentiality of the core Engine logic.
- **Derivative Works:** Modifications made by the Client do not grant the Client ownership of the underlying Engine.

6. WARRANTY & SUPPORT

- **Standard Warranty:** The Developer provides **30 days** of bug-fix support starting from the date of deployment.
- **Warranty Voidance:** This warranty is immediately voided if the core Engine code is modified by a third party or if the system breaks during a client-led migration.
- **Paid Support:** Any support requested after the 30-day period will be charged at a rate of [Insert Rate] per hour.

7. LIMITATION OF LIABILITY

The Developer is not responsible for business losses, data corruption, or downtime caused by server issues, third-party modifications, or user error.
